ABOUT MYSELF

- Frontend React.js Developer with expertise in building responsive and user-friendly web applications. Passionate about optimizing website performance and implementing modern UI/UX principles. Experienced in collaborating with teams to deliver scalable, high-quality applications. Currently seeking opportunities to contribute my skills in dynamic, tech-driven environments.

WORK EXPERIENCE

Front-end React.js Intern

Logical Creation [01/12/2024 – Current]

City: Lahore | Country: Pakistan

- Developing real-world projects like **Dashtime** (HR Management System) and **Reachware**, gaining hands-on experience in building scalable and user-friendly web applications.
- Using React.js, HTML, CSS, and modern tools to create dynamic, responsive, and visually appealing interfaces for both projects.
- Working closely with developers to implement features, optimize performance, and ensure seamless functionality across platforms.

Front-end React.js internee (Remote)

Bloomrix [26/08/2024 – 26/11/2024]

City: Lahore | Country: Pakistan

- Built responsive web apps using React.js, Redux, Tailwind CSS, and Bootstrap.
- Optimized performance with code splitting, lazy loading, and asset optimization.
- Debugged and enhanced code, mastering React hooks and state management.
- Maintained a polished GitHub portfolio showcasing front-end projects.

EDUCATION AND TRAINING

Bachelor of Science in Software Engineering

Islamia College University, Peshawar. [18/09/2020 – 19/10/2024]

City: Peshawar | Country: Pakistan | Website: <https://www.icp.edu.pk/>

DIGITAL SKILLS

Html, Css, Bootstrap / CSS Sass (+Bootstrap TailwindCSS) / Javascript(Nodejs, ExpressJs) / HTML, CSS, Javascript, ReactJs / Version Control Systems: Github

PROJECTS

[24/07/2024 – 10/09/2024]

Decentralized Voting System Using Blockchain (React.js, Blockchain)

- Built a secure voting platform using React.js, smart contracts, and blockchain for tamper-proof elections.
- Designed a responsive UI with Tailwind CSS & Bootstrap, ensuring seamless user interaction.
- Implemented cryptographic authentication, eliminating intermediaries and enhancing transparency.
